

Inspiring Leader's Story

Name:	Mukhtar Osman Ghebirrebb	Role:	Volunteer Secretary
Organisation:	Eritrean Muslim Community Association in Greater Manchester		

What did you hope to gain by attending *Inspiring Leaders*?

"I was seeking a number of things: confidence in how to lead your group, how to evaluate my work, how to secure sustainability to my project, how to create strong network with other similar community groups, how to work together with other organisations."

What impact has participating in *Inspiring Leaders* made to you?

"My organisation is working on how to develop and use the network that established after I joined the course. I am working on introducing new way of monitoring and evaluating my organisation's activity. Also develop a mechanism of working together with other organisations."

How would you describe the *Inspiring Leader's* experience?

"The course gave me the opportunity to gain more knowledge about developing my leadership skills and pass them to my community, created a venue where I can reflect my understanding and belief on the difference about Leadership and Management and share them with others who come from different experience, created new network which will help me to develop my organisation. It was also the first experience to me to work with people who come from different organisations who deliver different services to the community. It was also the first experience to hear and learn tutors own experience especially on how they overcome the difficult times of their organisations."
